

# HEARING PROTECTION ARTICLES CATALOG

**Cyd Kladden  
E-A-R Products  
7911 Zionsville Rd.  
Indianapolis, IN 46268-1657  
317-692-3066 v  
317-692-3116 f  
cyd\_kladden@aearo.com**

Articles in this catalog are available free of charge, one copy per article, and no more than 10 **selections per request**. EARLogs are an exception to this limitation in that the complete series is considered as 1 selection. Requests should be sent to Cyd Kladden at the address shown above.

NOTE: Please specify catalog version number with your request.

April 6, 2004

Version 11.5

**NOTES:**

1. Articles followed by **<web>** can be found on our web at <http://www.aearo.com/html/industrial/tech01.asp>
2. Articles with **shaded first authors** are contained in the three-ring binder which is distributed to E-A-R Clinic attendees.

## Hearing Protection Articles Catalog

1. Allen, C. H. and Berger, E. H. (1986). "Measurement of Level-Dependent Attenuation in Hearing Protectors," 12th Int. Congr. on Acoustics, Toronto, Vol. 1, paper B9-5.
2. Allen, C. H. and Berger, E. H. (1990). "Development of a Unique Passive Hearing Protector with Level-Dependent and Flat-Attenuation Characteristics," *Noise Control Eng. J.* 34(3), 97-105.
3. Berger, E. H. (1979a). "EARLog #1 - The Threshold Shift Method of Measuring Hearing Protector Attenuation," *Sound and Vibration* 13(4), 12-13. [<web>](#)
4. Berger, E. H. (1979b). "EARLog #2 - Single Number Measures of Hearing Protector Noise Reduction," *Sound and Vibration* 13(8), 12-13. [<web>](#)
5. Berger, E. H. (1980a). "EARLog #3 - The Effects of Hearing Protectors on Auditory Communications," *Sound and Vibration* 14(1), 16-17. [<web>](#)
6. Berger, E. H. (1980b). "EARLog #4 - The Performance of Hearing Protectors in Industrial Noise Environments," *Occup. Health Saf.* 49(3), 50-53. [<web>](#)
7. Berger, E. H. (1980c). "EARLog #5 - Hearing Protector Performance: How They Work - And - What Goes Wrong in the Real World," *Sound and Vibration* 14(10), 14-17. [<web>](#)
8. Berger, E. H. (1980d). "Suggestions for Calculating Hearing Protector Performance," *Sound and Vib.* 14(1), 6-7.
9. Berger, E. H. (1981a). "EARLog #6 - Extra-Auditory Benefits of a Hearing Conservation Program," *Occup. Health Saf.* 50(4), 28-29. [<web>](#)
10. Berger, E. H. (1981b). "EARLog #7 - Motivating Employees to Wear Hearing Protection Devices," *Sound and Vibration* 15(6), 10-11. [<web>](#)
11. Berger, E. H. (1981c). "Details of Real World Hearing Protector Performance as Measured in the Laboratory," in Proceedings of Noise-Con 81, edited by L. H. Royster, F. D. Hart, and N. D. Stewart, Noise Control Foundation, New York, NY, 147-152.
12. Berger, E. H. (1981d). "Re-examination of the Low Frequency (50-1000 Hz) Normal Threshold of Hearing in Free and Diffuse Sound Fields," *J. Acoust. Soc. Am.* 70(6), 1635-1645.
13. Berger, E. H. (1982a). "EARLog #8 - Responses to Questions and Complaints Regarding Hearing and Hearing Protection (Part I)," *Occup. Health Saf.* 51(1), 28-29. [<web>](#)
14. Berger, E. H. (1982b). "EARLog #9 - Responses to Questions and Complaints Regarding Hearing and Hearing Protection (Part II)," *J. Occup. Med.* 24(9), 646-647. [<web>](#)
15. Berger, E. H. (1982c). "Laboratory Estimates of the Real World Performance of Hearing Protectors," in Personal Hearing Protection in Industry, edited by P. W. Alberti, Raven Press, New York, NY, 299-314.
16. Berger, E. H. (1983a). "Using the NRR to Estimate the Real World Performance of Hearing Protectors," *Sound and Vibration* 17(1), 12-18.
17. Berger, E. H. (1983b). "EARLog #10 - Responses to Questions and Complaints Regarding Hearing and Hearing Protection (Part III)," *Prof. Saf.* 28(3), 14-15. [<web>](#)
18. Berger, E. H. (1983c). "Laboratory Attenuation of Earmuffs and Earplugs Both Singly and in Combination," *Am. Ind. Hyg. Assoc. J.* 44(5), 321-329.
19. Berger, E. H. (1983d). "Considerations Regarding the Laboratory Measurement of Hearing Protector Attenuation," in Proceedings of Inter-Noise 83, edited by R. Lawrence, Institute of Acoustics, Edinburgh, U. K., 379-382.
20. Berger, E. H. (1983e). "Attenuation of Hearing Protectors at the Frequency Extremes," in 11th Int. Cong. on Acoustics, Paris, France, Vol. 3, 289-292.

21. Berger, E. H. (1983f). "EARLog #11 - The Hearing Conservation Amendment (Part I)," J. Occup. Med. 25(9), 652-654. <web>
22. Berger, E. H. (1983g). "Assessment of the Performance of Hearing Protectors for Hearing Conservation Purposes," J. Acoust. Soc. Am. Suppl. 1, 74, S94.
23. Berger, E. H. (1984a). "EARLog #12 - The Hearing Conservation Amendment (Part II)," Am. Ind. Hyg. Assoc. J. 45(1), B22-B23. <web>
24. Berger, E. H. (1984b). "EARLog #13 - Attenuation of Earplugs Worn in Combination with Earmuffs," Am. Ind. Hyg. Assoc. J. 45(5), B36-B37. <web>
25. Berger, E. H. (1984d). "EARLog #14 - Protection from Infrasonic and Ultrasonic Noise Exposure," Am. Ind. Hyg. Assoc. J. 45(9), B32-B33. <web>
26. Berger, E. H. (1985a). "EARLog #15 - Workers' Compensation for Occupational Hearing Loss," Sound and Vibration 19(2), 16-18. <web>
27. Berger, E. H. (1985b). "EARLog #16 - New Hearing Protector Attenuation Standard -ANSI S12.6," Am. Ind. Hyg. Assoc. J. 46(5), B26-B27. <web>
28. Berger, E. H. (1985c). "EARLog #17 - Ear Infection and the Use of Hearing Protection," J. Occup. Med. 27(9), 620-623. <web>
29. Berger, E. H. (1985d). "Is Real-Ear Attenuation at Threshold a Function of Hearing Level?," J. Acoust. Soc. Am. 78(5), 1588-1595.
30. Berger, E. H. (1986a). "Review and Tutorial - Methods of Measuring the Attenuation of Hearing Protection Devices," J. Acoust. Soc. Am. 79(6), 1655-1687.
31. Berger, E. H. (1987). "EARLog #18 - Can Hearing Aids Provide Hearing Protection?," Am. Ind. Hyg. Assoc. J. 48(1), A20-A21. <web>
32. Berger, E. H. (1988c). "Use of Circumaural and Supra-Aural Earphones to Measure the Real-Ear Attenuation of Earplugs," presented at the Am. Ind. Hyg. Conf., San Francisco, CA, paper 39.
33. Berger, E. H. (1988d). "EARLog #19 - Tips for Fitting Hearing Protectors," Sound and Vibration 22(10), 22-25. <web>
34. Berger, E. H. (1988e). "Can Real-World Hearing Protector Attenuation Be Estimated Using Laboratory Data?," Sound and Vibration 22(12), 26-31.
35. Berger, E. H. (1989). "Exploring Procedures for Field Testing the Fit of Earplugs," in Proceedings, 1989 Industrial Hearing Conservation Conference, Off. Eng. Serv., Univ. Kentucky, Lexington, KY, 7-10.
36. Berger, E. H. (1990a). "Hearing Protection--The State of the Art (circa 1990) and Research Priorities for the Coming Decade," in Program and Abstracts of the NIH Consensus Development Conference in Noise and Hearing Loss, National Inst. of Health, Bethesda, MD, 91-96.
37. Berger, E. H. (1990b). "National and International Standards on Hearing Protection Devices," Natl. Hearing Cons. Assoc. Annual Conf., Orlando, FL.
38. Berger, E. H. (1990c). "In Defense of 'dBA', Letter-to-the-Editor," Noise Control Eng. J. 35(2), p. 52.
39. Berger, E. H. (1990d). "Hearing Protection - Look Beyond the Numbers," Hearing Instr. 41(10), 31-32.
40. Berger, E. H. (1991a). "Flat-Response, Moderate Attenuation, and Level-Dependent HPDs: How They Work, and What They Can Do For You," Spectrum Suppl. 1, 8, p. 17.
41. Berger, E. H. (1991b). "The Rush to Standardize in 1992: Its Impact on Hearing-Protection Related Standards Activities, and the Consequences for Hearing Protector Manufacturers," Council of Eng. and Scientific Soc. Executives Conf., Minneapolis, MN.

42. Berger, E. H. (1992a). "Development of a Laboratory Procedure for Estimation of the Field Performance of Hearing Protectors," in Proceedings, Hearing Conservation Conference, Off. Eng. Serv., Univ. Kentucky, Lexington, KY, 41-45.
43. Berger, E. H. (1992b). "Using KEMAR to Measure Hearing Protector Attenuation: When it Works, and When it Doesn't," in Proceedings of Inter-Noise 92, edited by G. A. Daigle and M. R. Stinson, Noise Control Foundation, Poughkeepsie, NY, 273-278.
44. Berger, E. H. (1993a). "EARLog #20 - The Naked Truth About NRRs," E?A?R, Indianapolis, IN. <web>
45. Berger, E. H. (1993b). "Overview and Index to the EARLog Series, Numbers 1 - 21," E?A?R, Indianapolis, IN. <web>
46. Berger, E. H. (1994a). "The Earplug Chronicles - You Said I Can Do What With My Earplugs?," *Spectrum* 11(1), p. 1 and 7-10.
47. Berger, E. H. (1994b). "Noise and Hearing Conservation Films and Videotapes: Reviews and Availability," available upon request from E?A?R. <web>
48. Berger, E. H. (1995). "Current Issues in Hearing Conservation," in *Proceedings of the IV National Congress on Acoustics*, Instituto Mexicano de Comunicaciones, Mexico City, Mexico, 94-103.
49. Berger, E. H. (1996a). "International Activities in the Use, Standardization, and Regulation of Hearing Protection," *J. Acoust. Soc. Am.* 99(4), Pt. 2, p. 2463.
50. Berger, E. H. (1997). "Product Noise Labeling and Public Information: Recommendations from the 1991 National Noise Strategy Conference," *J. Acoust. Soc. Am.* 101(5), Pt. 2, p. 3101.
51. Berger, E. H. (1999a). "So, How Do You Want Your NRRs: Realistic or Sunny-Side Up?," *Hearing Rev.* 6(9), 68-72.
52. Berger, E. H. (1999b). "EARLog #21 – Hearing Protector Testing – Let's Get Real," E?A?R, Indianapolis, IN. <web>
53. Berger, E. H. (1999c). "Bibliography on Hearing Protection: 1831 - 1999 (contains approximately 2500 entries)," available upon request from E?A?R, Indianapolis, IN. <web>
54. Berger, E. H. (2000a). "Hearing Protection Device Utilization Around the World," *Spectrum Suppl.* 1, 17, p. 18.
55. Berger, E. H. (2000b). "Dual Protection," *Occup. Health Saf.* 69(10), 98-102.
56. Berger, E. H. (2000c). "Noise Control and Hearing Conservation: Why Do It?," in The Noise Manual, 5<sup>th</sup> Edition, edited by E. H. Berger, L. H. Royster, J. D. Royster, D. P. Driscoll, and M. Layne, Am. Ind. Hyg. Assoc., Fairfax, VA, 1-17.
57. Berger, E. H. (2000d). "Hearing Protection Devices," in The Noise Manual, 5<sup>th</sup> Edition, edited by E. H. Berger, L. H. Royster, J. D. Royster, D. P. Driscoll, and M. Layne, Am. Ind. Hyg. Assoc., Fairfax, VA, 379-454.
58. Berger, E. H. (2001a). "The Ardent Hearing Conservationist," *Spectrum Suppl.* 1, 18, 17-18. <web>
59. Berger, E. H. (2001b). "History of the AIHA Noise Manual and Overview of the New 5<sup>th</sup> Edition," *Am. Ind. Hyg. Conf.*, Orlando, FL, paper 213.
60. Berger, E. H. (2001c). "Some Thoughts on Testing and Rating Hearing Protectors," *Intl. Military Noise Conf.*, Baltimore, MD.
61. Berger, E. H. (2002). "Active Noise Reduction (ANR) in Hearing Protection: Does it Make Sense for Industrial Applications?," *Spectrum Suppl.* 1, 19, 20-21. <web>
62. Berger, E. H. (2003a). "Life Can be Loud – Remember Your Hearing Protection," *Tinnitus Today* 28(1), 20-22.
63. Berger, E. H. (2003b). "The NRRs, They May be a Changin'," *Update* 15(2), p. 1 and 6.

64. Berger, E. H. and Casali, J. G. (1997). "Hearing Protection Devices," in *Encyclopedia of Acoustics*, edited by M. J. Crocker, John Wiley & Sons, Inc., New York, NY, 967-981.
65. Berger, E. H. and Casali, J. G. (2000). "Hearing Protection Devices," in *Audiology: Treatment*, edited by M. Valente, H. Hosford-Dunn, and R. J. Roeser, Thieme Med. Publ., Inc., New York, NY, 669-689.
66. Berger, E. H., Disch, T. M., Driscoll, D., Luttrell, L. F., Lyon, R. H., Queen, D., and Tocci, G. C. (1991). "Working Group VI: Consumer Noise Sources and Hearing Protection," in *Combatting Noise in the '90s: A National Strategy for the United States*, edited by E. Cherow, American Speech-Language-Hearing Association, Rockville, MD, 53-59.
67. Berger, E. H. and Franks, J. R. (1996). "The Validity of Predicting the Field Attenuation of Hearing Protectors from Laboratory Subject-Fit Data," *J. Acoust. Soc. Am.* 100(4), Pt. 2, p. 2674.
68. Berger, E. H., Franks, J. R., Behar, A., Casali, J. G., Dixon-Ernst, C., Kieper, R. W., Merry, C. J., Mozo, B. T., Nixon, C. W., Ohlin, D., Royster, J. D., and Royster, L. H. (1998). "Development of a New Standard Laboratory Protocol for Estimating the Field Attenuation of Hearing Protection Devices. Part III. The Validity of Using Subject-Fit Data," *J. Acoust. Soc. Am.* 103(2), 665-672.
69. Berger, E. H., Franks, J. R., and Lindgren, F. (1994). "Field Attenuation of Hearing Protectors - An International Comparison, With Update on the Noise Reduction Rating (NRR)," *Am. Ind. Hyg. Conf.*, Anaheim, CA, paper 70.
70. Berger, E. H., Franks, J. R., and Lindgren, F. (1996). "International Review of Field Studies of Hearing Protector Attenuation," in *Scientific Basis of Noise-Induced Hearing Loss*, edited by A. Axlesson, H. Borchgrevink, R. P. Hamernik, P. Hellstrom, D. Henderson, and R. J. Salvi, Thieme Medical Publ., Inc., New York, NY, 361-377.
71. Berger, E. H. and Gauger, D. (2003a). "Hearing Protection: Surpassing the Limits to Attenuation Imposed by the Bone-Conduction Pathways," *J. Acoust. Soc. Am.* 114(4), 1955-1967. [<web>](#)
72. Berger, E. H. and Gauger, D. (2003b). "Rating Metrics for Hearing Protectors," U. S. EPA Workshop on Hearing Protector Devices, Washington, DC.
73. Berger, E. H. and Hager, L. (2000). "Comparison of U. S. Hearing Conservation Regulations and Recommendations," *Spectrum* 17(3), 18-20. [<web>](#) (Summary of table on website)
74. Berger, E. H. and Kerivan, J. E. (1981). "Estimating Hearing Protector Attenuation for the Second Percentile Using Parametric Statistics," *J. Acoust. Soc. Am. Suppl.* 1, 70, S107.
75. Berger, E. H. and Kerivan, J. E. (1983). "Influence of Physiological Noise and the Occlusion Effect on the Measurement of Real-Ear Attenuation at Threshold," *J. Acoust. Soc. Am.* 74(1), 81-94.
76. Berger, E. H., Kerivan, J. E., and Mintz, F. (1982). "Inter-Laboratory Variability in the Measurement of Hearing Protector Attenuation," *Sound and Vibration* 16(1), 14-19.
77. Berger, E. H. and Kieper, R. W. (1994). "Representative 24-hour  $L_{eqs}$  Arising from a Combination of Occupational and Nonoccupational Noise Exposures," *J. Acoust. Soc. Am.* 95(5), Pt. 2, p. 2890.
78. Berger, E. H., Kieper, R. W., and Peyton, D. L. (1998). "A New ANSI Standard for Measuring the Real-Ear Attenuation of Hearing Protection Devices (S12.6-1997)," *Spectrum Suppl.* 1, 15, p. 22.
79. Berger, E. H., Kieper, R. W., Peyton, D. L. (1999). "Experience with a New ANSI Standard for Measuring the REAT of Hearing Protectors (S12.6-1997)," *J. Acoust. Soc. Am.* 105(2), Pt. 2, p. 1129.
80. Berger, E. H. and Killion, M. C. (1989). "Comparison of the Noise Attenuation of Three Audiometric Earphones, with Additional Data on Masking Near Threshold," *J. Acoust. Soc. Am.* 86(4), 1392-1403.
81. Berger, E. H. and Lindgren, F. (1992). "Current Issues in Hearing Protection," in *Noise-Induced Hearing Loss*, ed. by A. L. Dancer, D. Henderson, R. T. Salvi, and R. P. Hamernik, Mosby-Year Book, Inc., St. Louis, MO 377-388.
82. Berger, E. H., Lindgren, F., and Kieper, R. W. (1993). "Establishing the 'True' Laboratory NRR - An Experimenter's Dilemma," *Spectrum Suppl.* 1, 10, 19-20.
83. Berger, E. H. and Mitchell, I. (1989). "Measurement of the Pressure Exerted by Earmuffs and its Relationship to Perceived Comfort," *Appl. Acoust.* 27(2), 79-88.

84. Berger, E. H. and Rowland, L. D. (1989). "Is it Necessary to Measure Hearing Protector Attenuation at 3.15 and 6.3 kHz?," J. Acoust. Soc. Am. 85(4), 1590-1594.
85. Berger, E. H. and Royster, J. D. (1987). "The Development of a National Noise Strategy," Sound and Vibration 21(1), 40-44.
86. Berger, E. H., and Royster, L. H. (1996). "In Search of Meaningful Measures of Hearing Protector Effectiveness," Spectrum Suppl. 1, 13(1), p. 29. <web>
87. Berger, E. H., Royster, J. D., Casali, J. G., Merry, C. J., Mozo, B. T., and Royster, L. H. (1990). "Results of a Pilot Interlaboratory Comparison of REAT Measurements of Hearing Protectors, Coordinated by ANSI S12/WG11," J. Acoust. Soc. Am. Suppl. 1, 88, S11.
88. Casali, J. G. and Berger, E. H. (1996). "Technology Advancements in Hearing Protection Circa 1995: Active Noise Reduction, Frequency/Amplitude-Sensitivity, and Uniform Attenuation," Am. Ind. Hyg. Assoc. J. 57(2), 175-185.
